20 Years Young,
or 80 Years Old?

On Tuesday, February 29th the Village of Antioch will celebrate its 80th birthday. With Leap Year coming "but once in four" that could make us only 20 years old.

ANYWAYS, to celebrate the special occasion, Marilyn Sterbenz and the people in the Village Hall will be serving coffee and birthday cake to all who wish to stop in with good wishes.

HOME RULE?

The term "home rule" has been bounding around administration circles for months now, even though it is a most important issue, few people, the candidates included, can give an adequate definition. What then is "home rule?"

Home Rule is a unique restructuring and strengthening of county government designed to increase efficiency through self determination and consolidation of overlapping services.

The primary thrust for County Home Rule has grown out of the increased urbanization of the population. The county unit of government was originally formed to deal with a largely rural electorate. However, since population and industry have increasingly concentrated in urban areas, the limited powers and functions of county government have become inadequate. This lack of power has forced the creation of small municipalities

and villages, with the resulting proliferation of special districts for specific purposes.

Home Rule counties would have the following major powers:

1) The power to regulate by ordinance for the protection of public health, safety, morals and welfare. These matters would include zoning, sanitation standards, law enforcement and all other matters under the catch all "public health and

safety" clause.

2) The power to license.

That is, not as a source of revenue, but only as a means of regulating the activities of the licensee.

3) The power to tax. This would not mean on income, earnings or occupation tax, unless

Former Assistant Named Pastor at ST. Peter's

Father Francis L. Johnson has been named as the new pastor of St. Peter's Parish in Antioch, according to a February 16th announcement from the Chicago Archdiocesan Chancery Office.

Fr. Johnson, who formerly served St. Peter as an assistant pastor for eight years (1952-60) is expected to arrive today to take

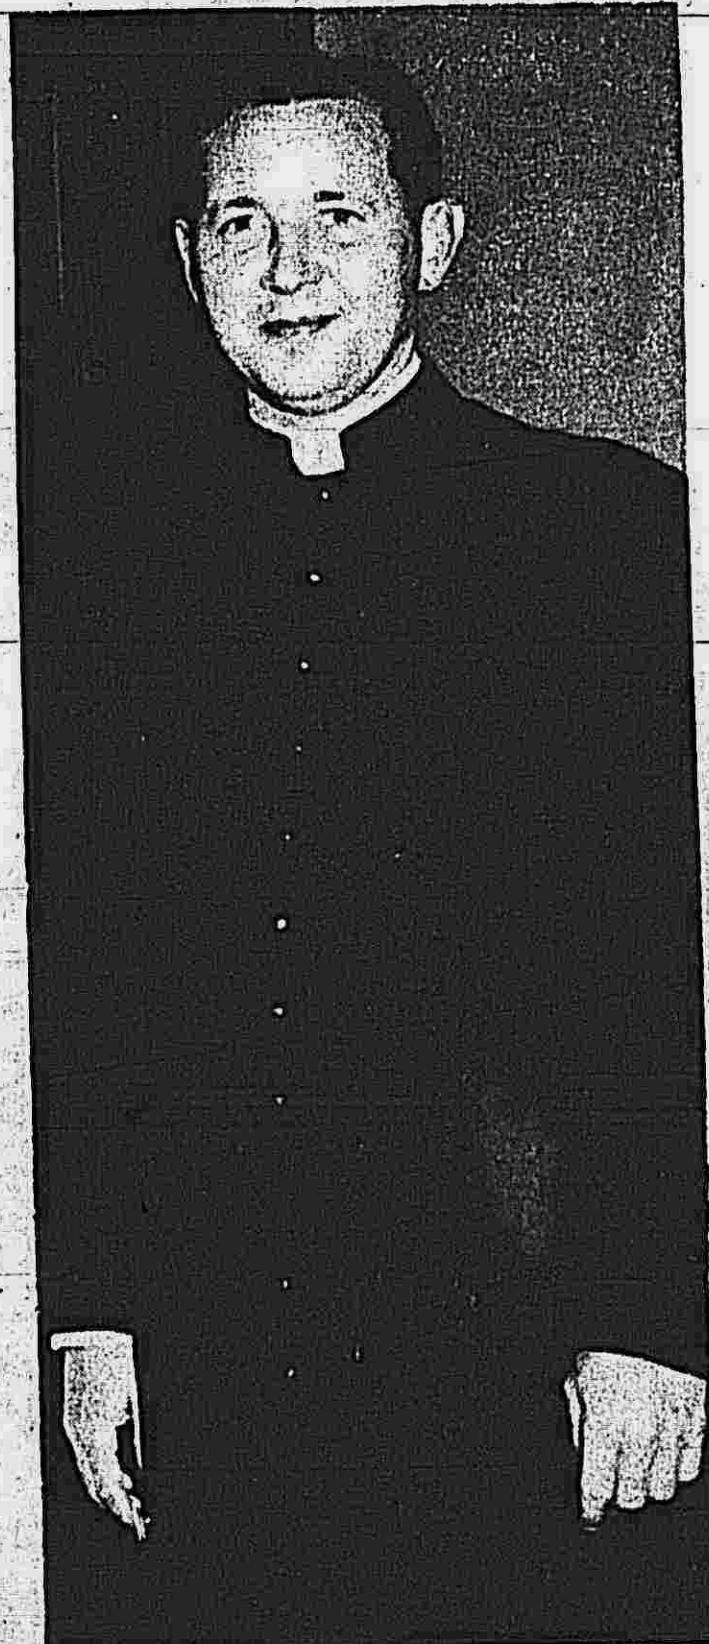

leadership of his spiritual charges.

He was born in Chicago on August 19th, 1919 and attended St. Cecilia and St. Leo grade schools and St. Leo High School.

After studying for the priesthood at Our Lady of the Lake Seminary in Mundelein, Fr. Johnson was ordained on February 24th, 1945.

In addition to his service at St. Peter's, he was an assistant pastor at St. Gall, St. Sebastian, St. Paul of the Cross and Our Lady Mother of the Church parishes.

We welcome him back to Antioch.

March Date For Referendum

It's official. Antioch High School Board members gave their seal of approval to plans for an Educational Fund rate increase at their February 16th meeting.

March 25th has been set aside for a district-wide vote to raise the tax rate from \$.92 to \$1.32 per \$1,000 of assessed valuation.

To the layman, the increase amounts to an additional \$40. on his \$20,000 home or the equivalent

Referendum Skull Session February 23rd

As part of their attempt to pass the March 25th Educational Fund rate hike, Antioch High School officials have named February 23rd as the first of their organizational meetings.

The 7:30 p.m. strategy session is designed to explore methods and tactics to be used.

District 117 officials are encouraging all interested citizens to attend this evening session in the

commons area.

Among topics of discussion at the meeting will be the use of publicity, telephone and flyer campaigns, appointment of committees and organization of energy.

District administrators feel they must work "especially hard" in these early organizational meetings to insure a united, cohesive effort on behalf of the referendum.

VANDALS SPUR STUDY

Antioch Grade School District 34 Trustees are considering the erection of a fence to enclose their bus parking area.

The move was necessitated by recurring acts of general vandalism to the busses.

Trustee Tod Mapletorpe noted that the acts of vandalism were not serious in nature, but cost the district money each time they occurred.

The one exception was the theft of a "mini-bus" or van that was stolen last September and never recovered. While insurance did cover the cost of a new vehicle the inconvenience of waiting for a replacement was a factor in their decision.

Trustees called for study of a six or eight feet high cyclone fence to enclose the area on the north side of the building. The fence would include a "wing" with three strands of barbed wire at the top.

Board members pointed out the barbed wire was to be used as a deterrent to entry and not intended to injure persons.

As one trustee pointed out "no one's going into an enclosed area that he couldn't get out of in a hurry."

Contribute Heart Sunday

This Sunday has been designated Heart Sunday (February 27) and highlights the month-long Heart Fund Campaign to raise funds for research, education and community service programs. At the same time, Heart Sunday serves to educate the residents in this community in what they can do to reduce the toll of heart attack deaths.

This year the grim facts of heart attack will be felt in homes throughout the country as an estimated 670,000 lives are claimed by America's number one killer. Research has made tremendous strides in the control and prevention of many heart and blood vessel diseases. But, heart attack continues to cause thousands of needless deaths through failure by the public to know the warning signs of heart attack, and to act promptly when symptoms occur.

Minutes count when heart attack strikes, warns the Heart Association, and thousands of lives could be saved if individuals acted promptly in obtaining medical treatment. This is one way the Heart Association is asking the public to "Beat the Big One-Heart Attack." Another way all of us can help is to give generously to the Heart Fund.

Our contributions will support the Heart Association's efforts to control this nation's leading health enemy.

Peanuts

Our Congressman

A special attribute of the present occupant of the White House is his ability to anticipate problems before they reach a crisis stage. Evidence of this talent is to be found in the programs for a.) welfare reform, b.) revenue sharing, c.) governmental reorganization - and others. Currently, the President has anticipated the dilemma faced by elementary and high school administrators with respect to funds for education.

Recent decisions of the California Supreme Court, as well as court decisions in Minnesota, Texas and New Jersey, have held that property taxes used in school financing are discriminatory and unconstitutional. These decisions, if affirmed, threaten the entire system by which public education is financed.

This accounts for the inclusion in President Nixon's State of the Union message of a special section devoted to the question of public school financing. Calling the property tax "one of the most inequitable and regressive of all public levies," the President

indicated that he was looking for alternatives to this method of financing education.

He soon will be delivering a separate message to the Congress based upon recommendations of the Advisory Commission on Intergovernmental Relations, headed by Robert E. Merriam of Illinois, former Director of the Bureau of the Budget.

While the President has not specified the type of financial support he would recommend for primary and secondary education, there is widespread speculation that he might propose a so-called

Value-Added Tax (VAT). Such a new Federal tax, levied at even a modest rate, say 5 percent, would be capable of producing an estimated \$15 to \$20 billion per year - or more than one-third of the total cost of running the nation's grammar and high schools.

A Value-Added Tax is one which is levied at each stage of processing or handling of a given product or service. A graphic example can be shown in the case of a bale of raw cotton which is ultimately converted to a woman's dress. The Value-Added Tax would be levied a.) when the raw cotton is converted to thread, b.) when the thread is processed into cotton material, c.) when the cotton material is dyed, sized and bolted, d.) when it is processed for wholesaling, e.) when the material is retailed to a dressmaker, f.) when the dress manufacturer sells the garment at wholesale, and g.) when the retailer ultimately sells the dress to the customer. The tax applied at the modest 5 percent rate is levied against the increase in value which occurs at each stage of servicing and processing from raw cotton to the final finished product sold at retail.

While the ultimate cost of the finished article might be only slightly higher, the total revenue from the tax when applied generally to all products and services would produce vast sums of new revenues.

The Value-Added Tax has

been employed in various European countries for some time. It accounts for more than 47 percent of the total tax revenue of France, some 32 percent of the tax revenue of West Germany, and is a major revenue producer in other countries. The cost of collecting the Value Added Tax is relatively small since the manufacturers, processors, and other who deal in goods and services act as tax accountants and collectors. While the item of taxes is almost totally concealed, the ultimate consumer, of course, becomes the actual taxpayer.

The principal objection to the Value-Added Tax is that it is regarded as "regressive" i.e. it constitutes a greater burden to wage-earners than to high-income citizens. Still it should be noted that those with higher incomes usually purchase larger amounts of goods and services, and thus would pay a much larger total tax than those who are relatively small purchasers of these items. However, in order to meet this charge, there is speculation that some type of exemption or rebate would be granted to those with lower incomes.

The prospect of enactment of a Value-Added Tax or other new Federal tax this year is quite remote. Still, the President's initiative in recognizing the need for equalizing educational opportunity as well as sharing more equitably the cost of primary and secondary education indicates the emergence of a critical national problem which may require a prompt solution.

newspaper headlines noted: "Simon wants to cut some taxes."

There is some confusion and, frankly, some of my friends are concerned that I am talking this candidly.

The facts are clear. To tell the truth is not politically wise according to the usual traditions.

Paul Simon is not going to follow "usual traditions." For 17 years I have been calling them as I see them and I am not going to change now. People are fed up with the soft soap dished out by some politicians in both parties. People who know me, know I don't say one thing and do something else. People in Illinois have more common sense than some candidates of both parties give them credit for.

Anyone who knows my

record in Springfield knows there will be a belt tightening when I am Governor. These same people know that glib speeches about easy cuts in taxes without increases elsewhere are pure political hokum.

Four years ago a candidate who said one thing before election and did another after election was elected Governor. We are again hearing the same election year promises from him. The people will not be fooled twice.

Paul Simon will not be saying things to get easy votes. Your real friends don't tell you what you want to hear, they tell you the truth. I shall continue telling people the truth.

Cordially,

Paul Simon

I also stated my honest convictions that if we were to cut certain taxes the lost revenue would have to be made up by increasing the income tax. And I pledged that if the tax reductions I have proposed are not enacted, I would veto any increase in the income tax.

VILLAGE TO DOUBLE UP PARKING METERS

The Village Board, in one of the shortest sessions in recent memory, made several minor, but nonetheless important decisions at their February 21st meeting.

Acting on a request from trustee Robert Wilton, the Village decided to improve the parking meter situation along Main Street by converting single meter poles to units mounted in tandem on one pole. The call would mean the removal of many of the 21 poles now along the village's main artery.

In a related situation the board moved to withdraw a meter on the north side of Main Street near its intersection with Orchard. Trustees felt that cars parked at the meter posed a traffic hazard to motorists.

The village will soon begin taking bids on the

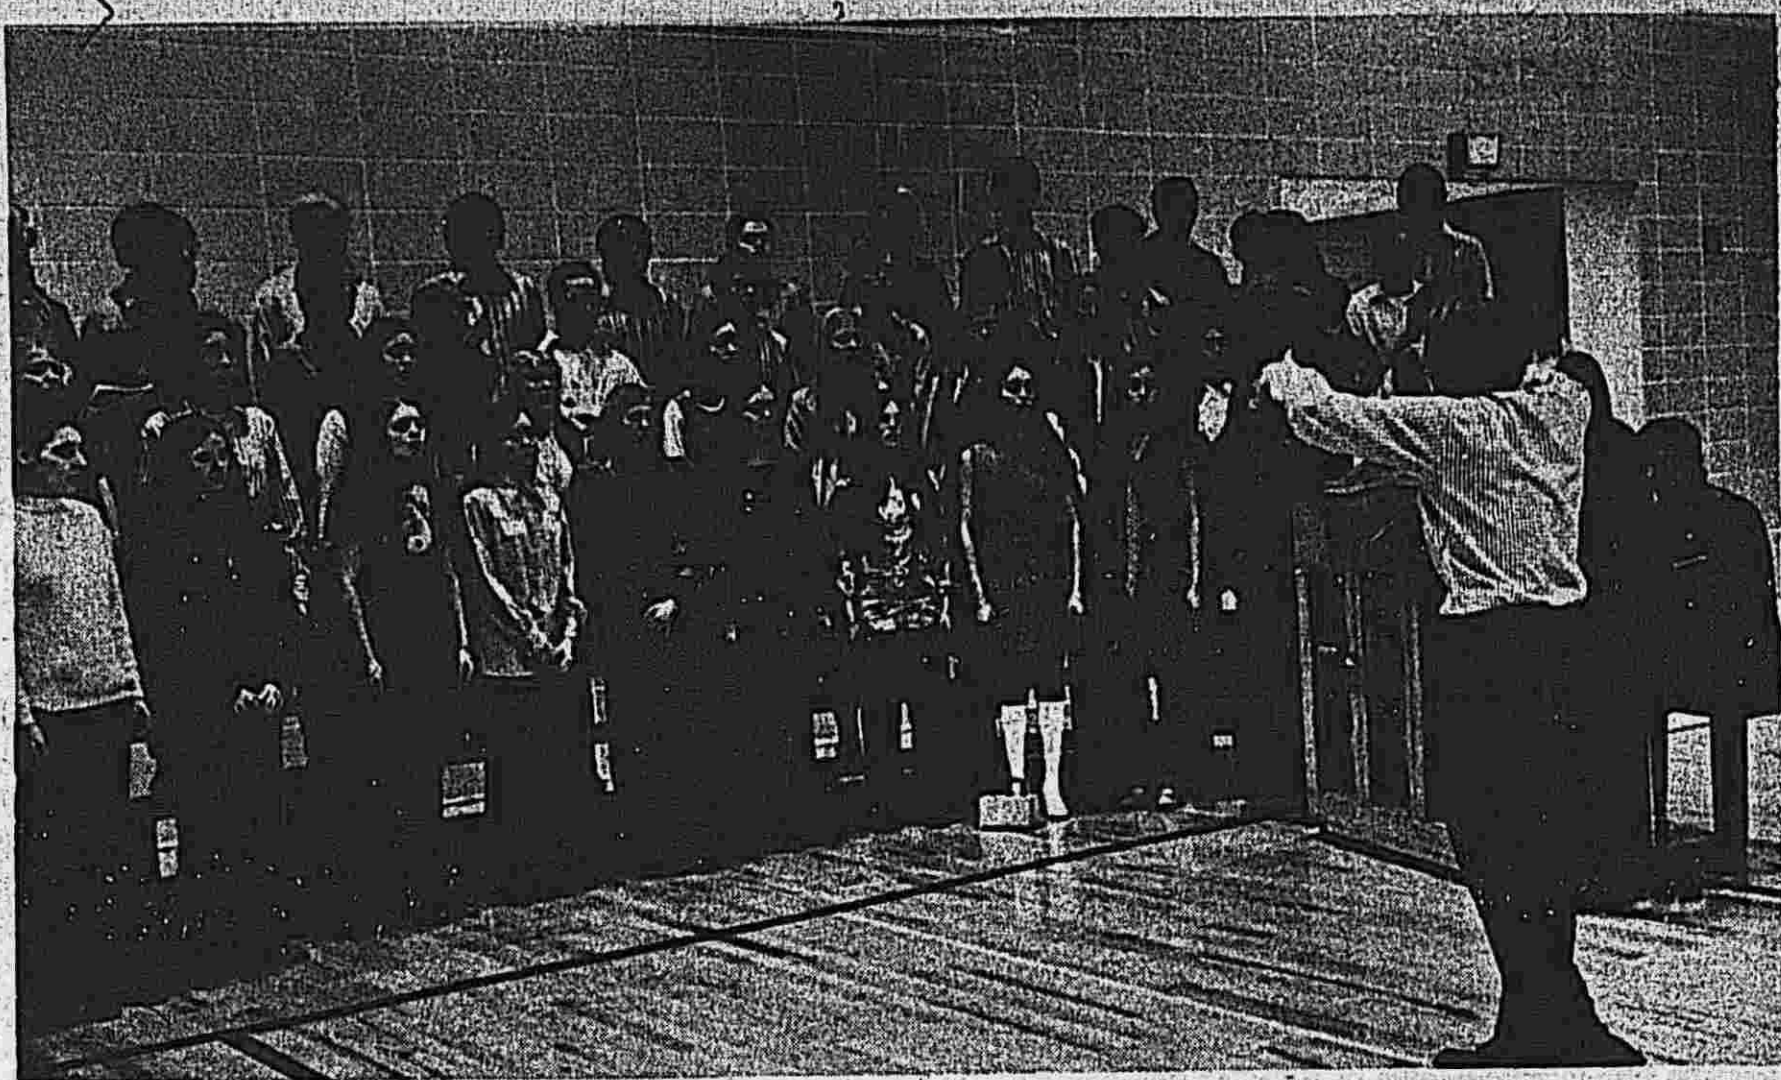

purchase of a new street sweeper. The Board took

this action following a report by Public Works Director Tod Maplethorpe. The current vehicle is 17 years old.

Village Clerk Marilyn Sterbenz unveiled her proposal to switch from the antiquated and cumbersome appropriation ordinance form of finance to a budget system.

In a brief explanation, Mrs. Sterbenz noted that the budget form would give a truer accounting of funds and would aid in allotting funds for departments and programs.

In one of their last rulings, the Village decided to deny the informal request that an additional Class D liquor license be issued.

GIRL 8, INJURED SKIING

An 8 year old Naperville girl suffered multiple fractures, Sunday as the result of a skiing accident at Gander Mountain in Spring Grove.

Injured was Laura J. Susmark, daughter of Mr. and Mrs. Richard Susmark of the Chicago suburb. She

suffered a broken nose, jaw, leg and pelvis.

After being taken to Victory Memorial Hospital for treatment, the girl was transferred to the Hinsdale Hospital and Sanitorium.

According to reports the girl was flipped about 25 feet after her hair became entangled in a tow rope.

450 Voices - One Sound

The sound of a 450 member "mass chorus" can, quite literally, raise the roof and depending on the choice of selections, elicit every mood from the audience. Those in attendance may

experience joy, sorrow and exhilaration, as the director has seen fit.

However, there is more to a mass chorus than artistry and style.

Overcome by the large members, we may tend to forget that the single "voice" we may hear at times is, in reality, comprised of 450 individuals. Each has his, or her, own set of values, goals and drives.

While the performance was a true experience for the listener, it held a special meaning for the participants.

David Oelerich, a sophomore and tenor in the Antioch Chorus said of the performance: "we learned a lot and had a lot of fun. It was a good experience to meet people from other schools and sing under other directors."

"For me it was a great chance to work with other people," said Betty Carole, a senior soprano. "Working with the same people every day can get monotonous. It's great to get fresh opinions and have a chance

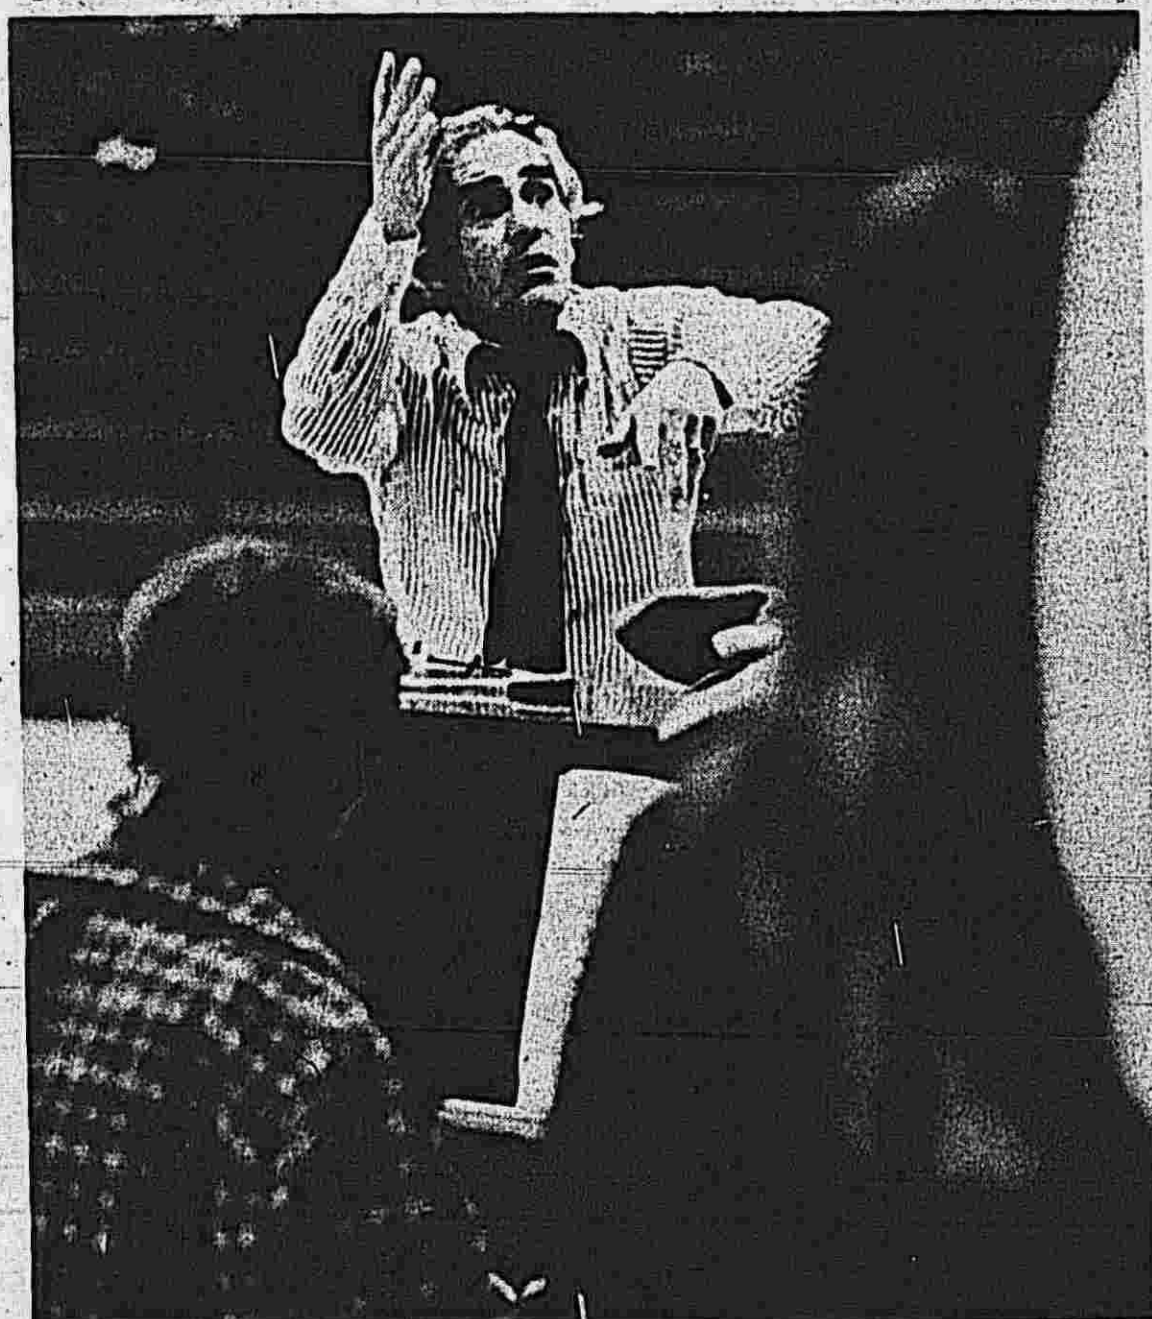

to use different techniques.

"My experience?" said senior alto Cathy Skrzynecki. "It had to be the chance to work under different directors. The idea of breathing control and separating each group was interesting too."

Barb Polsgrove said the mass chorus was a "neat feeling." The senior soprano added, "working with the other people gives you the opportunity to meet people from outside the area."

Linda Heller, a senior soprano said of Richard Hoffland, the director: "he's just great. He made you feel that you personally were the biggest part of the chorus. He got more out of every person than many directors could."

Linda and the others had special praise for Antioch Director, Ralph Brooke. "You have to give him all the credit. He put an awful lot of work and long hours into this concert. He made it the success it was."

"Lend An Ear" Performance Ends Saturday

Feb. 25 and 26 are the last times you can see PM & L's "Lend An Ear" directed by Ken Smouse. Last Saturday night's performance was a sell-out, so be sure to make your reservations early by calling 395-9702.

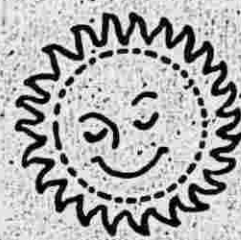

"Lend An Ear" is a musical review composed of musical numbers and comedy sketches. Tom Hausman of Fox Lake gives his all in several scenes. He plays a spoiled-rotten juvenile delinquent in a skit with Shirley Jensen and Bob Lindblad, then becomes effervescent Skiddy Tyres of the Roaring Twenties. Later Tom bounces from Elizabethan to Englishman to

Frenchman with Yvonne Dyer, and ends the show as an irate operatic husband.

Dena Fabry of Lake Villa, last seen in PM & L's "The Fantastiks," sings her way through a kalidoscope of roles: depressed actress, love-struck secretary, dimpled heroine of a mini-musical, and brave and brassy Pearl White. Donald Beveroth, one of PM & L's most active directors and actors, slips effortlessly from nutsy doctor to aging chorus boy to super-slob husband to operatic lover. Dee Baum of Antioch is paired with Don as his crazy patient, grotesque wife, and egotistical lover, but becomes partners with Tom Hausman

in the mini-musical.

Also seen in a variety of roles are Gloria Davis of Silver Lake, who does some wild quick changes, Fred Holbert, Bob Lindblad, Shirley Jensen, Yvonne Dyer, Nancy Eberman, Becky Montooth, Aileen Biel, Lois Matthews, Bill Baum, Charles Brown, Betty Waters, Elda Minger, and Steve Smouse.

Remember When ?

Remember when? We don't, but maybe some of you do. We know it's Antioch, but just when and where is another story. For the next few weeks we will publish a photo from a

A letter from Mrs. Earle (Gen) Gibbs from Miami, Florida was so interesting we wanted to share it with you.

Dear Joe: It has been a long time since the Antioch Palace burned, but the ticket window on the right side of the entrance used to be my selling booth. Thousands of people came to my window through the years but one came that I shall never forget.

The gentleman drew a huge roll of bills and asked for a ticket for his chauffeur as well as one for his own use. After much fumbling, he started laying bills on the counter. He seemed upset that the roll of bills wouldn't go back into his pocket. With a sudden sweep of his hand he pushed the accumulated bills through my window and they fell to the floor. I gave him the entrance tickets, he thanked me, said that his money fit better now and to go and buy a new dress with the balance. Ending up with forty-two dollars that had been scattered on the floor, two for the admissions and forty for me was quite the most thrilling thing that could happen to a teen-ager in the depression. NO, the man never did return, tho I was so very sure that he would. I was the proud owner of

time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where let us know! We would be very much interested. Also if any of you

forty untaxed dollars.

Mr. Macek, the owner was so very nice to me, every night he would come to the booth and relieve me so that I might have a dance or two with Ike Woodward, the very, very best dancer in the whole County.

The picture of King's Drug Store and Ollie Kettlehuts Market bring back earlier memories. Ray Taylor, brother of Mona Waters worked at the soda fountain and was a genius at fixing super-fancy, yummy ice cream sundaes. It was the meeting place after school, there to sample some new concoction.

There was a storage loft over the meat market, Ruth Kettlehut and I would climb to the loft, then crawl through a window to a roof that covered the loading platform. We read stories, alternating so that we could have our diction corrected. Our English teacher was a hard task mistress. Must admit that sewing doll clothes was our most important entertainment.

The building at the extreme right side of this picture shows a door. This was the family entrance for the J. J. Morley Saloon. After a hard day of carpenter work in the hot sun, my dad used to give me twenty cents to run an

errand, five cents for an ice-cream cone for me and 15 cents for a little bucket of beer, via that family entrance door. This building

is now our Chinese Place for Food. Lots of happy memories to our 'Old Timers'.

Sincerely,
Gen Gibbs

Congrats to TED COSTOFF who almost had a perfect game in the Lake County Bowling Association tournament held this past week-end in North Chicago. He bowled a 289 game!!!! WOW!

Okinawa is the destination of Army, Private 1st Class, MARK ROTH who will be leaving February 25th. He will attend an advanced school of computer systems for 18 months. He is the son of AL and MARILYN ROTH of Petite Lake, Antioch.

WELCOME to Antioch - FATHER FRANCIS JOHNSON, the new Pastor of St. Peter's Church. Father is not new here, as he served as Assistant from 1952 - 60. Many of his old friends will be looking forward to seeing him again.

Congrats to TIM MIEURE "Prep Star of the week" last week. Glad to see you on your toes again after your BOUT WITH "mono".

Get well wishes to JUDY FRASCH, ANN STICKLER, FLORENCE MORIN, DAWN BEHRENS & OTTO JUNGMAN.

Happy Anniversary to EMILY & FRANK BENES, SR. on February 23 they will be celebrating their 43rd anniversary.

Hear tell 4 local ladies had a gambling good time in Las Vegas a short while ago. Time was too short though, only a 4 day trip!!

Don't miss the Sequoits last basketball game this Friday night. - then - good luck in the Regionals! The Sophomores start the action at 6:45. They hold second place in the conference, so look for a good team next year.

Mr. & Mrs. Mike Reeves (Amy Lubkeman) and their son Shawn have left for Fort Bliss, Texas to live while Mr. Reeves finishes his military obligation. They were in town to celebrate with Amy's parents on their 25th wedding anniversary.

Our condolences to Laddie Masek and family on the death of his sister Mrs. Mae Kinrade.

A night to remember! RICH KUFALK won't easily forget the annual Ladies Nite of the Rescue Squad. Seems his fellow - members presented him with his own private ambulance. Title on the side read "Kufalk's Kwikie Karrier - We Deliver".

Sunday morning there were many inquisitive eyes on David Street as Rich pulled up to the DENNIS VOLLING residence with red light flashing. He jumped out of the car and up to the door with his "black bag". Needless to say, GAIL was shocked when she answered the door.

Our photographer had to have a picture of this, as I don't think he believed us when we told him over the phone - - - Remember, a picture tells a thousand words!

Happy birthday to our own "Sports Editor" JOHN GRETZ on February 25. PAULA BECKER 'that lovely red head' also celebrates on the 25th. And a belated wish goes to SUE HORTON who did her celebrating on last Saturday night.

LANDSCAPING COURSE PLANNED FOR HOME OWNERS

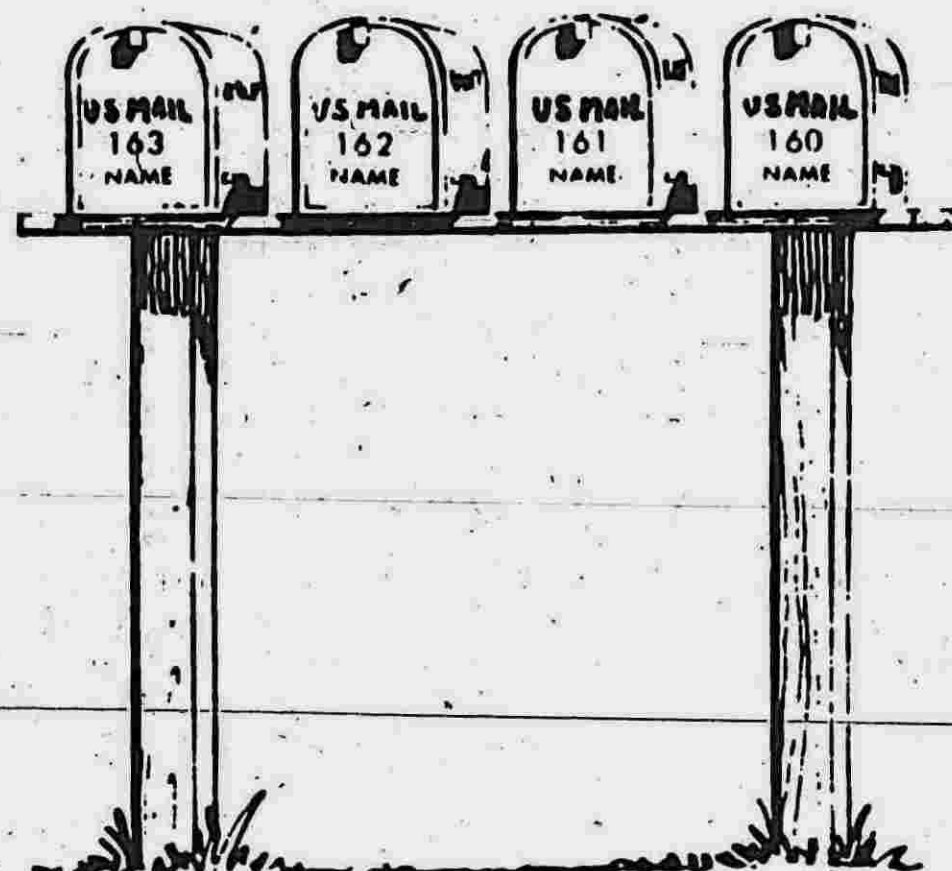

"Next to the house itself, the lawn and tree and shrub planting are most important" states Senior Extension Adviser, Ray T. Nicholas. Home owners who are

interested in learning how to give their house the setting it deserves can do so by attending a series of five sessions on "Landscaping the Home Grounds" to be given by Lake County Senior Extension Adviser. The 1972 series will start Thursday, March 2, and will continue through Thursday, April 6. The sessions will be from 1:00 p.m. to 3:00 p.m. in the Cooperative Extension Service Building on the Lake County Fair Grounds.

The Landscaping Course will include such subjects as fitting trees, shrubs and flowers in the plan; designing the public, private, and service areas, purchase and care of plant materials; and designing a plan to suit the family's interests.

Interested parties who wish to enroll in the course, should contact the Lake County Cooperative Extension Service, Lake County Fair Grounds, P.O. Box 267, Grayslake, Ill 60030, for enrollment blanks. All enrollments are due in the Extension Adviser's office by February 24, 1972.

I'm sure everyone has heard about the A.F.S. organization at Antioch High School. This group arranges for foreign exchange students to live with a family in the community. When I learned that there is a problem getting people to house these students, I knew what I'd be writing about this week. I talked with MRS CAROL MAPLETHORPE of Antioch about A.F.S., and here are her comments:

Q: What does A.F.S. stand for?

A: American Field Service.

Q: What are some of the goals of A.F.S.?

A: Their motto is "Walk together, talk together." The general idea is to achieve world understanding and brotherhood.

Q: What type of parents do you need to house a foreign exchange student?

A: We need friendly people, interested in sharing their home, community and life style with the exchange student. They share their way of life and exchange cultures.

Q: Approximately how long does the "Foreign Exchange Student" (hereinafter referred to as F.E.S.) stay at a person's house?

A: Usually he or she comes in late August and leaves in the middle of the following June.

Q: If someone is

IT'S TIME TO POSE FOR PORTRAITS!

When families grow smaller, and houses larger, a mother's strength and wisdom make her lovelier than ever. The calm serenity of selflessness shines from within, adds maturity to her beauty.

This is the picture a child should have near always, a portrait of beauty that reassures through life's uncertainties and miles of apartness.

If your family is being separated for the first time, pose now for that important portrait—to keep your mother love always near.

interested in sharing his home with a F.E.S., how does he go about getting the necessary information on how to do it?

A: Contact the president of A.F.S., Mrs. Jean Irving at 395-0152, the treasurer of A.F.S., Mrs. Carol Maplethorpe at 395-2240, or call the office at Antioch High School and ask for information.

Q: Is the F.E.S. obligated to certain duties or responsibilities in the household, for example, taking out the garbage, etc?

A: Whatever the family requires. It varies. Treat the F.E.S. as you would your own family members.

Q: Do the "adoptive" parents get paid, or is it a voluntary act on their part to house a F.E.S.?

A: You provide room and board on a voluntary basis. You are allowed a \$600.00 income tax deduction. The F.E.S. gets an allowance of \$16.00 a month from the A.F.S. New York headquarters.

JULIO SANCHEZ from Costa Rica is the 6th F.E.S. Antioch High School has had. Students at A.C.H.S. have found it to be a worthwhile and broadening experience to have a F.E.S. because you learn so much from these students living in the community. F.E. Students are available to go into people's homes, to club and group meetings, etc., upon request. Julio has slides and pictures he will gladly show. The first semester a F.E.S. is here is mostly spent improving his language. During the second semester, the student gets involved in more activities.

Mrs. Maplethorpe heard MRS MARV TOEPPER comment that last year when she had JEED from Thailand, he had a lot of problems at first with his language and other difficulties, but by patience, understanding and mutual working together they overcame them. Mrs. Toepper added that having JEED was such a worthwhile experience, she'd do it again!

Out of all the many

homes in our area, I am sure there are people that would be glad to "adopt" a F.E.S. for 1/2 of a year. It sounds like it would be a very rewarding experience along with a lot of fun learning about the customs of a different country. A.F.S. needs parents to apply for next year. Call any of the aforementioned people and find out the details of applying for a F.E.S. The applications of the families that apply are sent to the A.F.S. New York headquarters where each family's personality is matched with the foreign exchange student's personality to determine the best suited F.E.S. for the family. Let's not take the chance of not having a F.E.S. some year because of lack of willing families to house them. Call today!

Before I sign off for this week, I received some comments on my article on snowmobiles from last week's column. My husband, Jim, informed me that snowmobiling is not a cheaper hobby than skiing because to start out with, you have to buy a very expensive snowmobile, and frequently pay for gas and also maintenance. He has a point, but I still think the price to go skiing is ridiculously high.

If I print something you disagree with or want to criticize, please write in and "SPEAK OUT!"

Peace till next week.

Gigi

Lake Villa Working Cash Bond Vote Saturday Feb. 26

Voters in the Lake Villa School District will have an opportunity to eliminate an educational debt of \$353,000 on Saturday, February 26, 1972. The polls for this election will be open from noon until 7:00 p.m. at both the B. J. Hooper and Central Schools.

Two proposals will be listed on the ballot. A Working Cash Bond in the amount of \$210,000 will provide monies to reduce the debt. If the Working Cash Bond is approved it will reduce the high interest costs which are presently being paid from money in the education fund. The Board of Education expects to pay \$20,200 in interest this year. The Working Cash Bond is expected to cost

each taxpayer approximately 10 cents per \$100 of assessed valuation for 10 years only.

A second proposal will reduce the remaining debt of \$143,000. The proposal will approve an increase in the Educational Tax Rate from \$1.11 per \$100 of assessed valuation to \$1.28. This increase will provide an additional \$45,000 per year to the education fund.

The Board of Education has explained to civic and religious groups in the community over the past three weeks that both proposals are needed to maintain the present educational program. All persons in the school district are encouraged to exercise their right to vote.

american legion auxiliary news

There will be a Second Division Membership Rally on March 5th, at the Community Center in Leaf River, Illinois, at 1:00 P.M. The session will be conducted by Mrs. Charles Butts, Freeport, 2nd Division President; and Mrs. Robert Sonne, Clifton, Department Membership chairman; and Mrs. William Schultz, North Chicago, division Junior membership chairman. There will be state membership officers present from the American Legion, since this Rally is for legionnaires and Auxiliary members.

Wishing to acquaint more members of the American Legion Auxiliary with a new program designed just for them, Mrs. A. J. Dorn, Mundelein, 10th District Auxiliary Emergency Fund Chairman, states that "This is the first program devised to assist our own members in times of financial hardship." Before this program came into existence, all Auxiliary programs were and still are organized for the welfare of others - the needy, disabled and hospitalized veterans; the widows and dependents; children and youth welfare; promoting Americanism; fostering and providing various scholarships; are only a partial list of the many activities of the American Legion Auxiliary.

"Any Auxiliary member is eligible for assistance provided the applicant is a currently paid-up member, who has been in good standing for five previous consecutive years. Assistance originates at Unit level and after verification of the need has been made, the

application is sent to the State Secretary, who verifies membership requirements and forwards the application to the national headquarters. Approved applications will normally be processed for payment within 24 hours

after receipt". Mrs. Dorn goes on to say that Units explain to applicants that help may be available through social security, veterans' administration, or public social service. Where there are children involved, it is advantageous to contact the American Legion children and Youth Commission.

Since this is a new program, more contributions are needed from Units to build up larger sums in this emergency fund. "Memorial donations are a fine way to support this program. They serve a dual purpose of showing respect for the deceased, while at the same time assisting our town temporarily needy members." Mrs. Dorn suggests that members desiring further information contact their Unit President.

Mrs. John W. Horan, is President of the Antioch American Legion Auxiliary No. 748, and is always glad of an opportunity to assist Auxiliary members.

young Dianna DeVries, daughter of the Bernard DeVries, underwent toe surgery at Great Lakes Naval Hospital last week. However, Dianna is already "up and about" and doing all she can to shield that toe from further injury!

Some one hundred members and guests of the Antioch Evangelical Free Church held their annual catered "Valentine's Day Dinner" on February 14th in their church auditorium. The Salem Community High School Chorus sang several appropriate selections. A might pleasant way to honor St. Valentine's Day!

Susan Rathmann, daughter of the Ray Rathmann's, celebrated her thirteenth

birthday with a pizza supper slumber party at her home on February 18th. After a pizza picnic, Susan and her guests (Cheryl Stadick, Karen Girten, Melody Sweetman, Lynne Mueller and Kim Korando) attended the wrestling matches held at the Antioch Upper Grade School. After about three hours of sleep (whoever really gets much sleep at a slumber party??!) these energetic young ladies were up for a 7:30 a.m. breakfast then all hiked down to Antioch Lake and back, returning to their homes by noon. It would be surprising if there weren't six sleepyheads Saturday evening! Susan's birthday is actually on February 21st. **B E L A T E D H A P P Y BIRTHDAY, SUSAN!**

Women of the Moose

The Hospital Committee Chapter night was held on February 10 instead of February 3, due to the bad weather on February 3.

Chairman Ann Gialds introduced her committee and then presented their program of household hints. Each committee member gave two very helpful and interesting hints.

After correspondence was read, the chapter welcomed four candidates. The candidates were Betty Zubeck and Jean Eaton sponsored by Ann Gialds; candidate Clarice Persson sponsored by Erna Toft, and candidate Stella Elwood sponsored by Jean Wilson.

Also, Marlene Miller received her pin for attending three consecutive meetings.

On March 5 the chapter will be attending Chapter Rally Day at Zion-Benton Moose Lodge.

Mr. T. Santino to speak at Chamber Luncheon

How will the proposed building project for the Antioch Country Club affect your taxes, school budget or sanitary treatment plant? Have you heard a lot of different answers and conflicting statements about the type of buildings that are proposed? Why not attend the Chamber of Commerce's March 6th luncheon and hear for yourself what the owner has

planned! Mr. Thomas Santino will be the guest speaker and will discuss his plans and answer questions on the proposed project.

The Chamber of Commerce is neither supporting or opposing the project. We are only attempting to offer you the opportunity to hear Mr. Santino and acquire the information necessary to form an opinion of your own.

Mark the date of March

6, 1972 on your calendar! Then call the Chamber office weekday mornings (395-3381) for tickets. The

cost is \$2.75 per person for the lunch which includes tax and tip. A buffet lunch will be served at 12:00 noon at Lorenz's Smart Country House, Rte 173 and Tiffany Rd. We suggest that you make your ticket reservations early due to the limited seating capacity and wide appeal that this program has.

PUBLIC MEETING TO INFORM

There will be a public meeting for the residents of School District No. 33 on Thursday, February 24, 1972 at 7:30 p.m. The purpose of the meeting is for the voters

of School District No. 33 to give guidance and direction to the Board of Education concerning the Development that is projected at the Antioch Country Club.

Since Spring is just around the corner and all the lovely new clothes are appearing we thought this low calorie recipe might be just the thing for all of us. Goodness knows winter has left us all with a few extra unwanted pounds. We'd appreciate hearing from all of you. If you have any low calorie desserts or salads, won't you please share them with us and be sure to ask for a recipe you'd like in return.

Silhouette Fruit Juice Snows

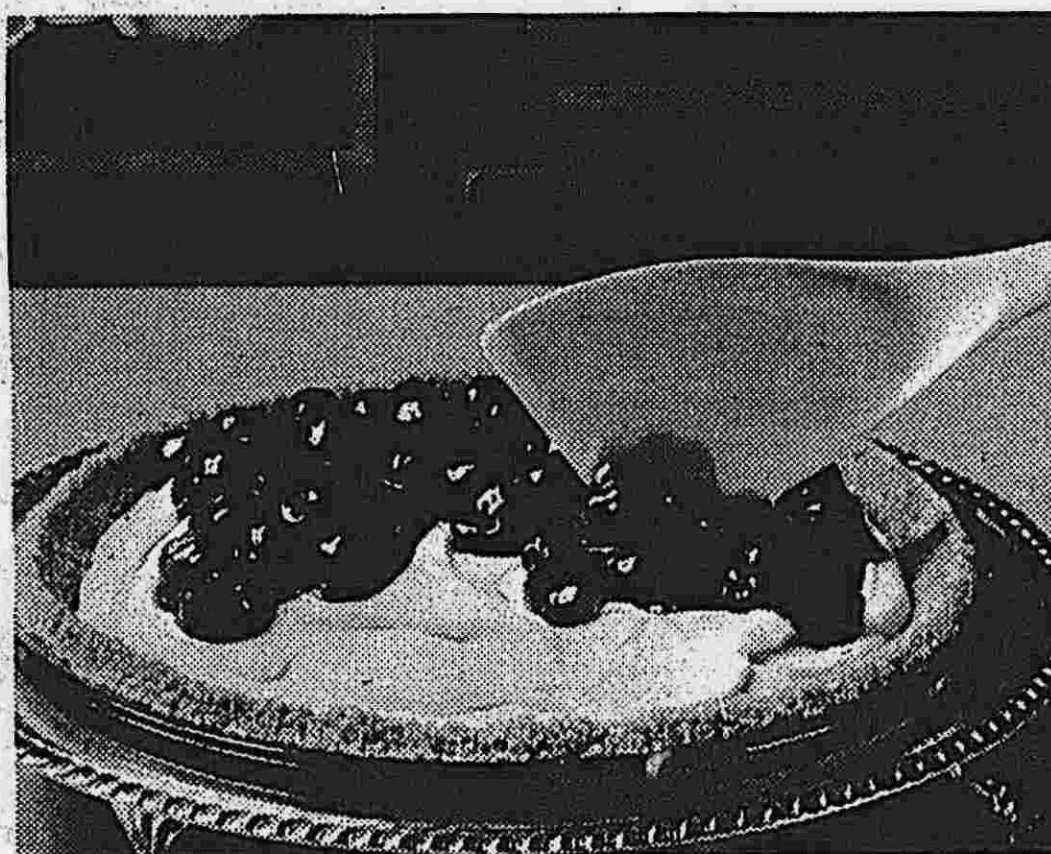

1 envelope Knox gelatine ½ cup sugar
¼ teas. salt

Mix above ingredients together. Add 1¼ cups very hot water and stir until gelatine is thoroughly dissolved. Add 1 can (6oz.) frozen concentrated fruit juice and stir until melted. Chill to slightly thicker than unbeaten egg white consistency. Add 2 unbeaten egg whites and beat with a beater until mix is light and fluffy and well blended and begins to hold its shape.

Turn into a 6 or 7 cup mold or dishes. Chill until firm. Serve plain or with custard sauce.

Makes 8 servings. 93 calories per serving.

If calories aren't your concern - try this easy Breezy dessert.

Long a favorite fruit of British royalty, cherries are the perfect crowning touch to Cherry Breeze Pie. A golden corn flake crumbs crust is swirled with a satin-smooth mixture of whipped cream cheese, sweetened condensed milk and bottled lemon juice, then topped with ruby red prepared cherry pie filling. This refreshing dessert is a "breeze" to prepare, a pleasure to serve.

CHERRY BREEZE PIE

1 cup packaged corn flake crumbs 2 tablespoons sugar
½ cup regular margarine or butter, melted

1 8-oz. pkg. cream cheese, softened ½ cup bottled lemon juice
1 15-oz. can sweetened condensed milk 1 1-lb. 5-oz. can prepared cherry pie filling, chilled

1. Measure corn flake crumbs, sugar and melted margarine into 9-inch pie pan; mix well. With back of tablespoon press crumbs evenly and firmly in bottom and around sides of pie pan to form crust. Chill.

2. Place softened cream cheese in mixer bowl; beat until fluffy. Gradually add sweetened condensed milk; beat until thoroughly combined. Mix in bottled lemon juice and vanilla. Spread in chilled crumbs crust. Refrigerate 2-3 hours, or until firm.

3. Spread chilled prepared cherry pie filling over top of pie just before cutting into wedges to serve.
Yield: 1 9-inch pie, 8 servings.

100% Membership For V.F.W.

The Sequoit Auxiliary V.F.W. met on February 14th. All the ladies were in red in honor of St. Valentine's Day. Olive Hallwas, cancer chairman reported that the cancer program is urging each auxiliary to increase their cancer donation because of more cancer patients needing assistance. Lillian Burnett, membership chairman reported 100% membership was reached in January but that everyone should now work on bringing in new members. If there is anyone wanting membership into the Sequoit auxiliary, Veterans of Foreign Wars call Lillian Burnette 395-1926 and she will be happy to talk to you and answer any Questions you may have. A donation was given to Downey Hospital for Canteen books. Laura Swanson, poppy chairman received material on the sale of our Poppy Day, no date has been set because this is American Legion year to sell first so they will be contacted and dates will be set later. Barbara Mitchell was refreshment hostess and everyone enjoyed a red frosted valentine cake.

Helpful Hints

Making a creamy custard pie with lots of nutritious milk and eggs? You won't have to worry about spills on the way to the oven if you'll add the last cup of filling after placing the partially filled pie on the oven rack.

An easy gourmet dish for the bachelor chef is Oyster Rockefeller Bisque. In a saucepan combine 2½ cups milk with 2 10-oz. cans of partially thawed frozen oyster stew and one 10-oz. package of frozen chopped spinach finely chopped. Heat to serving temperature. Ladle into mugs or bowls, top with croutons and serve to six.

LEGEND
The map shows the newly apportioned
congressional voting districts in Illi-
nois. Please note that some district
lines not only overlap county lines
but also cut across township lines.
If in doubt as to which voting district
you live in, contact your county clerk
or board of election commissioners
for clarification. County clerks are
in charge of voting procedures in
all parts of the state except those
places which operate under the City
Election Law which have boards of
election commissioners (Aurora,

Eighteen first grade students in Mrs. Betsy Houghton's class were busy last week making get well cards to be sent to Chicago to little Micheal Rickey. Micheal was very seriously injured in an escalator accident at a subway station in Chicago two weeks ago and has been in a coma since. The Wally Phillip's show on W.G.N. radio has been trying to help the family since the accident. Local resident Mrs. Pat Magnum is a friend of Rickey's family and sparked the students into action.

Dawn Behrens returned home from Evanston Hospital Sunday after undergoing eye surgery. She will be home from school for several weeks but is still very glad to be home with her brothers and sisters and doting attention of her neighbors and relatives.

Nancy Harland celebrated her 9th birthday last Friday with a slumber party for her friends Janet Bjork, Lorna Whitton, Betsy Doty, Laure Hucker, Lori Suel, Kathy Bailey, and Julie Morris. A very good time was had by all the girls, although, needless to say, not much sleep was had and seven girls returned home Saturday very tired from the experience of trying to stay up all night.

The girls had the whole house to themselves as her brothers Mike and Bill spent the night with Pat and Jim Morgan and little sister Jill stayed with Susan Lemke, even Nancy's dad spent the night at a friend's because the thought of eight giggly girls under one roof was more than Dick could stand. Mother, Pat Harland stayed home with the girls and deserves the medal of honor for getting thru a very long night.

The Whitton family was very busy last week entertaining at three separate ice skating parties. On Saturday, February 12, Dick Whitton along with classmate Edie Teslow hosted an ice skating party and candy hunt for 13 seventh grade classmates. The weather got warm and the ice turned to slush but that didn't stop the kids from having a good time. There was a snowball fight with the boys against the girls and a soaking wet good time. The candy hunt was won by Paul Yukus and there were no reports of bad colds or pneumonia although no one went home dry. Ah youth!

On Tuesday it was Lorna Whitton's turn to entertain her third grade classmates. This time the ice was beautiful and conditions

were perfect for skating and sledding. The candy hunt was won by Jimmy Lannom and refreshments were enjoyed by all.

On Sunday afternoon, it was Skip and Carol Whitton's turn to entertain some family friends from Chicago. The group enjoyed skating, good food and lots of conversation.

The Whitton household is getting back to normal and enjoying the quiet, if having about 10 boys in front of your house every nite playing hockey can be considered quiet.

The Channel Lake P.T.A. met last Monday evening in the school gym. The meeting was well attended and when the business meeting was over the group was entertained by a work shop performance of the PM & L theatre group under the direction of Bill Serphon.

Mrs. Betsy Houghton's first grade room won the award for having the most parents attending. The Girl Scout troop did their usual fine job of baby sitting. Refreshments were served by the first and second grade mother's with Mrs. Judy Rae and Mrs. Ray Doty taking over the kitchen detail.

Mrs. Carol Whitton wishes to remind all students and their parents that the P.T.A. will sponsor an after school movie called "The Ugly Dachshund" on March 3. Be sure to mark this date on your calander.

Happy Birthday to Jean Soby, second grade teacher at Channel Lake Grade School.

The Cub Scout troop Pack No. 86 of Channel Lake will be hosting their annual Blue and Gold Dinner on Sunday, February 27th at the Channel Lake School Gym.

Let me know the news.

WATERWAY CONSTRUCTION PERMITS ANNOUNCED

Springfield, Ill., Feb. 18--Two applications for construction permits in Lake County have been received by the Illinois Division of Waterways, Transportation Secretary William F. Cellini announced today.

Persons favoring or opposing the proposed construction may write to John C. Guillou, chief waterway engineer, 201 W. Monroe St., Springfield, Prior to Feb. 25th.

The applications are:

LAKE--By Lorraine A. Schroeder, 837 W. Sheridan Rd., Chicago, to construct a jetty in Lake Catherine west of Antioch.

LAKE--By Pulte Land of Illinois Corp., 8 S. College Dr., Arlington Heights, to install a water main under and across Flint Creek at Barrington.

Home Rule ?

continued from pg. 1

approved by the Illinois General Assembly.

4) The power to incur indebtedness. This power could be limited or denied by three-fifths vote of each house.

The major requirement for creation of a Home Rule County is the election, at large by the total county, of a County Chief Executive Officer.

The Chief Executive Officer would serve a four year term and have many of the powers connoted to the Chief Executive Office of the Nation, the President.

That is, the Chief Executive Officer would see that the orders, resolutions and regulations of the County Board are faithfully executed.

Coordinate all administrative and management functions of the county except the offices of elected county officers.

Prepare and submit an annual budget and annual report of financial condition.

Appoint with the advice and consent of the Board persons to serve on boards, commissions, special districts and in general administrative posts except those in the office

of an elected official.

Supervise all county property.

Approve or veto ordinances and resolutions.

Preside over Board meetings, while not voting and performing such other duties as shall be required of him by the Board.

The Chief Executive Officer will be chosen in the following way. If the voters decide they want Home Rule in the March 21st primary, the Central Committee of both political parties will hold conventions and choose a candidate for County Chief Executive Officer. The nominee from each party will then go on the November ballot and Lake County will become a Home Rule County with an elected Chief Executive Officer, who will assume office on December 1st, 1972.

This procedure applies only this time. A referendum can only be held afterward at a November general election, which means November, 1974, for the decisive referendum, spring of 1976 for the nomination of Chief Executive and November, 1976 for the at large election of the Chief Executive Officer.

March Date for Referendum

continued from pg. 1

of \$.75 a week.

School administrators brought up the fact that the \$.92 figure is the lowest tax rate of all county high school districts. In spite of this, the district has been evaluated in the top one third of county schools based on per student expenditure.

However, the high caliber of education offered has not been without its drawbacks.

The district has been going approximately \$200,000 in the red in the Educational Fund for the last three years. The rate increase would draw an additional \$300,000 in funds. However, only \$100,000 could be put toward the district's debts. It would take the district until the late 1970's to pay off their debt.

The matter is compounded by the

lag in time between the start of the new assessment and the date when the funds would be available. There could be a two year wait until funds assessed will be in the district coffers.

District administrators said they had regrettably considered the program cut-backs that would be necessary should the referendum fail. When questioning students on the possible reductions, the students realized the scope of the problem after categorically refusing to see any current programs cut or eliminated.

One school official said "if people want a quality education program they'll have to pay for it. The cost of two packs of cigarettes a week isn't a lot to ask for a quality education."

Antioch has a good reason to be proud and CLIFF BODE is that reason! Cliff is the only wrestler in the Northwest Suburban Conference to be going down State! He wrestled hard this weekend to win one match Friday night and two matches Saturday which got him the first place title in the sectionals. We all wish him the best of luck this weekend as he enters the final round of state competition at Illinois State University in Bloomington.

School was a little more crowded on Thursday because Antioch High was host to the 2nd annual Conference Choral Festival. All the choral students from the eight schools in our conference gathered together for a rather unique day. After rehearsing at their own schools for months, everyone joined together and combined what they had learned. Rehearsals were held all day and were followed by a social hour. During this time many new friends were

made and a lot of fun shared. Some people danced to the music provided by a group from Warren while others just sat around and talked. The day was topped off with the concert that evening. The guest director Mr. Hoffland from Millikin College made everyone feel like working their hardest so the concert and the day as a whole was a wonderful experience for everyone involved.

The other members of the music department were also busy preparing for a concert last week. The Freshman Girls Choir, the All School Choir, and the Concert Band joined together Saturday night for the Mid-Winter Concert. All the groups performed very well and made the concert an enjoyable way to spend Saturday night.

Things got a little tense at Grayslake Friday night but our SEQUOITS pulled through and took care of the Rams by two points! It certainly was an exciting game! Next week is our very last game in conference play so lets see everyone there. It will be at home against Wauconda.

See you next week,
Barb

Stage Stop

Target of Robbers

Area police are continuing their search for the last remaining subject involved in an early morning robbery, Monday, of the Stage Stop, a popular Wilmet restaurant.

Three of the four men have already been apprehended in a large scale search covering three counties and two states.

According to police reports, the four entered the restaurant brandishing a shotgun and escaped with \$200 in receipts, a coin changer and the wallets of several patrons.

As the robbers sped south from the scene they were halted for a traffic violation by an Illinois State Trooper. However, the four bolted

from the car into the darkness leaving the shotgun behind.

One of the four was apprehended shortly afterward by Lake County police.

McHenry County police halted the flight of two other suspects as they hid in a ditch near Spring Grove.

Kenosha County Police report they know the identity of the lone robber still at large and predict his early capture.

Art Blake, Captain of Detectives for Kenosha County stated that he was "very well pleased with the help my office has received in aiding us in the apprehension of the three suspects."

Airman Verschuere is a 1969 graduate of Grant High School, Fox Lake, Ill.

HOME-TOWN NEWS

Krista Barlow Visits ISU

On Friday and Saturday, (Feb. 18-19) Miss Krista Barlow, 434 Orchard Street, Antioch visited the campus of ISU. The occasion was ISU's first Alumni Distinguished Scholarship competition. Supported by alumni and gift funds, the competition is open only by invitation to the most outstanding students who have been admitted to ISU for next fall's freshman class.

Most of the students have earned either a straight-A or almost a straight-A average in high school. Their American College Testing program results place most of them in the top 1 per cent of the nation.

Their academic honors are considerable. Some are National Merit Scholarship finalists, others are Merit commended students and National Achievement Scholarship commended students. Several have won Illinois State Scholarships and 43 of the students who will attend this gathering will be either valedictorians

or salutatorians of their graduating classes.

The competition will have two winners, each of whom will receive full expenses for four years. They will be selected solely on the basis of their grades, tests, activities and leadership.

ISU started the ADS competition this year along with becoming the first public university in Illinois to sponsor its own Merit Scholarships. Both programs currently are limited to residents or former residents of Illinois.

JILL L. FISHER

PLEDGES TO SORORITY

Jill L. Fischer, freshman at Augustana College, Rock Island, has been pledged to Delta Chi Theta, social sorority.

King And Queen In 4-H?

What does a king and queen have to do with 4-H? "It simply is one of the best methods we have for adding prestige or "class" to our publicity efforts as we promote 4-H throughout the year," says Bill Messerschmidt, Assistant Extension Adviser for Lake County. And we have increased the responsibilities and public appearances of our King and Queen and their court this past year, adds Messerschmidt.

The royal representatives of the 4-H program added to their annual agenda, a parade in Waukegan, presentations of ribbons and trophies and participation in a parade at the County Fair, participation in the JA Trade Fair in Chicago, visits to other county fairs, and periodic appearances at various county 4-H programs, such as National 4-H Week Displays at the Belvidere Mall.

Janet Schoelzel, 1971 4-H Queen from Millburn Maidens and Gary Wells, 1971 King from Millburn Hornets, will crown the new King and Queen at a semi-formal dance on Saturday, February 19.

The dance will run from

8:00 p.m. to 11:00 p.m. in the Farm Bureau Auditorium at the County Fairgrounds. It is open to all 4-H members and dates, leaders, and other volunteers, associated with 4-H work.

The King and Queen will be chosen from ten semi-finalists by the Junior Leader Organization and the County 4-H Youth Committee. They will represent and promote 4-H in many of the same events as they did last year.

The candidates competing for the honor of Queen are: Pamela Hunley, Millburn Hornets; Linda Lagerstrom, Antioch Adventurers; Eileen Regner and Susan Sargent, Volo Busy Bees; and Robin Walker, Williwaws. The candidates for King are: Tom Bennett, Williwaws; Rick Kubetz, Chain O'Lakes; David Shanks, Happy Hayceeds; Ken Scheske, Millburn Hornets; and Bruce Scottberg, Chain O'Lakes.

The admission will be the same as last year, \$1.25 per person or \$2.00 per couple. A four piece band, Little Robert and The Maker Boys, will play; the band includes brass instruments with some of their selections. Leaders, Youth Committee members, and Extension Council members will be admitted free.

THE TRUTH THAT HEALS

Christian Science Churches

Divine healing's place in prophecy will be examined Sunday at Christian Science church services.

"Christ Jesus" is the subject of the Bible Lesson-Sermon. It includes this text from Revelation: "The testimony of Jesus is the spirit of prophecy."

Commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy includes this citation: "The highest earthly representative of God, speaking of human ability to reflect divine power, prophetically said to his disciples, speaking not for their day only but for all time: 'He that believeth on me, the works that I do shall he do also;' and 'These signs shall follow them that believe.'"

Services at First Church of Christ Scientist, Beacon Hill, Route 173 and Harden, Antioch, Illinois, are conducted by Mrs. Evelyn Greer, the First Reader, and Mrs. Mary Adams, the Second Reader. They begin at 11 a.m.

Dr. Thain And R. Stroner Receive Awards

Dr. and Mrs. A. Thain were the guests of honor at a dinner meeting of the Troop 92 Committee last Thursday at Steve's Channel Inn. Chairman George Hall presented Dr. Thain with a Certificate of Appreciation from Troop 92. Dr. Thain, in addition to his other activities in community service, has served Troop 92 as health officer for the past several years.

Unable to attend the dinner were Mr. and Mrs. R. Stroner. Mr. Stroner received his award at the conclusion of the meeting. Mr. Stroner has served the troop in various capacities including offices of Scoutmaster, Institutional Representative

and Committeeman. Although inactive for the past few years, he still runs the kitchen during the Troop's Annual Spaghetti Dinner.

Troop 92 plans to present at least one other award this year to show its appreciation to members of the Antioch Community who have given of their time to serve the troop.

After the dinner, the committee heard Scoutmaster Norm Edwards discuss the camping and outing plans organized by Camping Chairman Lloyd Banwort. Advancement Chairman Bernie Dost presented a statistical analysis of the boys' advancement for 1971.

AUTO SHOW OPENS SATURDAY

An expanded shuttle bus service and additional parking facilities are two of the many measures that will be used at this year's Chicago Auto Show to help avoid the massive traffic jams created by last year's event. The show opens Saturday, February 26th in McCormick Place.

The '71 show was the first public event in the new lake front exposition center and the large turnout on week-ends overwhelmed police and traffic officials. Now, with a year's experience under their belts, they expect to handle the heavy flow much more smoothly.

On the second honor roll are seniors Chris Abbate and Brian Baigni from Lake Villa; junior Richard Dvorak from Lake Villa; sophomores Philip Sunich of Antioch and John Seisser of Lake Villa; and freshmen Edward Gromala of Antioch, and Frank Jaskowiak of Lake Villa.

The show sponsors will have free shuttle buses running to and from the Monroe Street parking lots and the Grant Park underground garages near the Loop on both Saturdays and Sundays of the show. The buses will operate from noon to 11 p.m.

Free shuttle service also will operate within the Soldier Field and Burnham Park lots, which are near the convention center. These buses will run throughout the run of the show.

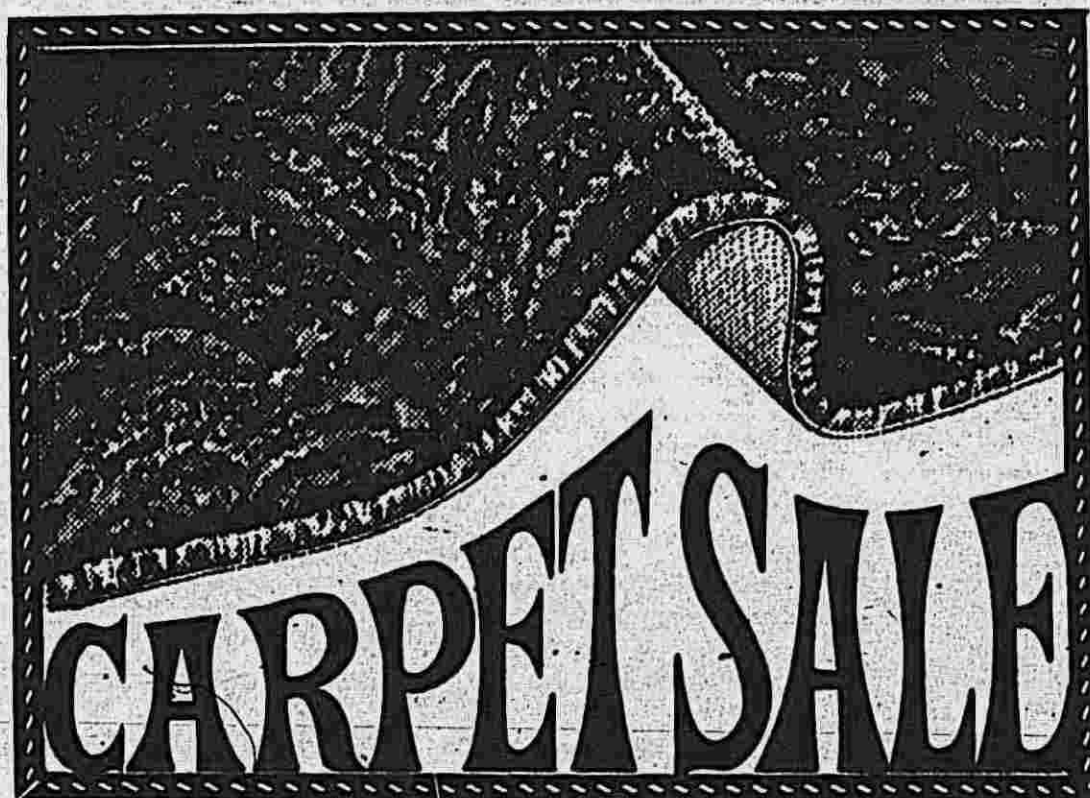

In addition, the Park District has agreed to open a 1,500 car lot on the west side of Lake Shore Drive between 18th and 23rd Streets. Also operating will be a 2,000 car underground garage south of McCormick Place.

The Auto Show, largest and most complete exposition of its kind, will run through Sunday March 5th. Show hours are from 11 a.m. to 11 p.m. every day. Admission is \$1.50 for adults and 75 cents for children under 12.

AUXIER TO INSTRUCT

4-H GUN SAFETY

The National Rifle Association, the Round Lake Police Department, and the Lake County Cooperative Extension Service in Illinois worked together in 1971 with a 4-H Gun Safety County Training Program, according to Bill Messerschmidt, Assistant Agricultural Adviser.

"We had full cooperation with everyone including the Kenosha county Conservation Club in nearby Wisconsin and a local indoor shooting range in Volo, Illinois," says Messerschmidt.

Ten sessions were held, says Messerschmidt, which involved classroom instruction, movies, and shooting practice. A written examination was given at Fair time as part of the course requirements and County Fair exhibit. About 25 4-H and non-4-H youngsters enrolled. And all those who completed received a patch from the NRA with the words "NRA SAFE HUNTER" on it.

The course was titled "Rifle and Gun Safety." This year we are adding a second unit on "Shotguns and Gun Safety." And we hope to offer our own "Member of 4-H Gun Safety" patch or jacket lettering to encourage the 40 members to complete the course and to publicize 4-H throughout the area, Messerschmidt adds.

The course instructors and organizers are Steve Townsend, Round Lake patrolman, his wife, Lori, and Mr. Charles Auxier, Sr. of Antioch.

RACERS MEET as IRA SEASON NEARS

Thursday February 24 at 7:00 p.m., the members of the Interstates Racing Association of super modifieds and sportsman stock cars will meet at the VFW Hall in Lake Villa. The meeting will mark the second of the year with only one or two more meetings before the season of stock car racing opens.

At the meeting, final decisions will be announced on point fund systems for 1972. Reports will be heard on meetings between IRA Officials and the Lake Geneva Raceway regarding an agreement to return to that track again on Sunday nights in 1972.

Progress on the new track at Wilmet has been halted due to the freezing weather conditions but the completion of the new facility is assured for an opening date in early May.

The Championship Super Modified owned by Fred Nielsen of Lake Villa has been selected to represent IRA at a Competition Car Show at the National Guard Armory in Rockford on March 25 and 26. This car show is being sponsored by the Blackhawk Valley Region of the Sports Car Club of America. It will mark the first time a super modified

has been invited to be a part of the show which attracts thousands each year. Nielsen has completed a new super modified for Champion Johnny Reimer who will return to defend his IRA title. Other new cars nearing completion will be driven by Darrell Dodd and Jr. Dodd of Waukegan. Decon Huntely, Carpentersville; Tom Anderson, Antioch; Denny McKay, Elgin; Roger Isles,

Waukegan; Joey Christensen, North Chicago; John Olson, Round Lake; Jim Cameron, Kenosha and Pop Kline, Pell Lake, will also have new or rebuilt supers.

Most of these will be fiberglass bodied cars and should prove much faster than possible in previous years due to the lighter weight and improved chassis designs being employed.

St. Petes Take Tourney

St. Peter's of Antioch won the annual Northwest Cook and Lake County 6th grade basketball tournament sponsored by St. Francis of Lake Zurich held February 12-15.

In the opening game, St. Peter's beat a tall Our Lady of the Wayside, Arlington Heights team by a score of 44-17. Eight players contributed to the blistering scoring by St. Peters led by center Tom Huebner who netted 14 points.

The quarterfinal game was played against Transfiguration of Wauconda who played a slow down type of controlled offense. The final score was St. Peters 32, Transfiguration 16. Again St. Peters had 8 boys contribute to the victory total scoring, led by Al Roth's 9 markers.

The St. Peter's cagers faced a talented host team, St. Francis of Lake Zurich in the semi-final battle. Our boys remembered the opening game of the season when on this same court we were routed by a sharpshooting St. Francis team. Tom Huebner played a tremendous game controlling both the offensive and defensive boards and threw in a tournament record 27 points. The final score was St. Peter's 35, St. Francis 27. Head Coach Fred Walpole commented that other coaches stated this performance by Tom was the greatest individual effort by a 6th grade players they had ever witnessed.

The championship game was against favored St. Theresa of Palatine. A tight, determined defensive game was played by both teams. A wide edge in rebounding by St. Peters led by Tom

Huebner, Tim Huebner and Dave Walpole and the aggressive floor play of Chris Ano and Al Roth were the deciding factors. St. Peters trailed by 4 points with less than 2 minutes to play when Dave Walpole hit 3 straight long shots to lead the come from behind effort. The final score was St. Peter's 30 St. Theresa 27.

Tom Huebner who set a total tournament scoring record of 58 points in addition to his record single game effort against St. Francis was the 1st selection of the coaches for the 5 players All-Star Team. St. Peter's coach Fred Walpole was named by the other coaches of all the teams as the outstanding coach of the tournament. In addition Al Roth was given Special Mention as having narrowly missed selection to the All-Tournament Team.

WEEK-END SCORES

On February 20 the St. Peter Grade School and Prince of Peace of Lake Villa battled against one another in the basketball corner. St. Peter came out on top in all three counts.

The 8th grade score was St. Peter 43 and Prince of Peace 30. Chris Boarini was high scorer with 13 points.

The 7th grade won with a final score of 56 - 30. Joe Cermak was high scorer in this game with 19 points.

And the champs from their 1st place victory at the Lake Zurich tournament last week-end came home with another victory score of 39-8.

BODE WINS : on to State

Cliff Bode, Antioch's standard bearer in this years mat tournament, will continue his quest for a State Championship at 98 pounds.

This is a result of defeating two of the states "finest" wrestlers in his

weight class during the sectionals held at New Trier West High School last weekend.

Bode began his charge by beating Steve Kendall of Wheeling 6-2 on Friday evening. In Saturday's semi-finals he pinned Bernie Kleinman of Deerfield in 5:49. This win was especially important since Kleinman was considered one of the top three wrestlers at the 98 pound weight class.

In the finals, Bode beat Bob Schnell of Glenbrook South in one of the most exciting matches of the weekend. Bode won the match 8-6, but had to go through an overtime period to do it.

Antioch Varsity Wrestling Coach Ted DeRousse viewed the weekend action and

stated "Cliff is right on top of his form and looks the best he ever has. He couldn't have peaked at a better time. We're going downstate, looking to win the title".

Downstate, for your information is Bloomington, Illinois. The matches will be held on the Campus of Illinois State University. Preliminaries are slated for 1:00 and 7:00 p.m. Friday, February 25th, with the semi-finals at 1:00 p.m. the following day. The "Whole ball of wax" is up for grabs at 7:30 that evening.

Antioch's last Sectional winner was Roy Sheppard in 1964. Last year Larry Sheppard, his brother and half brother to Bode, went downstate in the 119 pound class.

Emmons School visited conference opponent Lotus and came away with two lopsided victories.

Hungry for victory after being beaten by Salem the night before, the Raiders came out red-hot. Getting balanced scoring the Raiders jumped to a 29-7 first quarter lead. The Raiders slowed the pace during the second stanza to leave at half-time with a 35-16 advantage.

In the second half the Raiders were even hotter than the temperature in the Lotus gym. The Raiders added 25 and 21 points in the third and fourth quarters to break their own conference scoring record with a 81-30 win.

Jon Bodin led the Raiders to their record point production with 16 points. Also in double figures were Bob Dubek 13, Paul Petty 12, and Tom Grego and Jeff Eder with 10 each.

The Raiders had an awesome 87-43 rebounding edge. Eder led the Raiders with 17 rebounds, while Ken Cash and Bodin hauled down 13. Also grabbing off

more than 10 rebounds were John Christiansen with 11 and Dubek with 10.

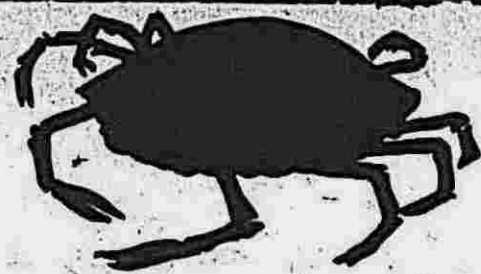

In the "B" contest the Raiders won easily 27-12. Bill Dubek led the Raiders with 5 points and John Kakacek and Jerry Schmidt added 4 each.

The Raiders need one win in the "A" division to clinch a tie for the championship. Meanwhile the "B" team Raiders need one victory to win the title.

THE ANTIOCH NEWS

WEDNESDAY FEBRUARY 23, 1972

Antioch's varsity size 14's weathered a second half Grayslake explosion, Friday and clung to a tissue paper lead to win a 49-47 thriller.

The Sequoits, who had earlier bolted to an 8-0 lead and held an 18 point edge mid-way through the third quarter, watched helplessly as the momentum shifted and the Rams made a great comeback only to fall short during a last minute stall.

Coach Roger Andrews remarked that following the big third quarter lead his charges "let down a little and couldn't get going again."

One of the big keys to the close nature of the game was the performance of Grayslake center Al Weber. Weber tallied 18 points and took good advantage of Pat Michalak's foul trouble. According to Andrews "with Pat (Michalak) in foul trouble Weber kept going to the bucket and we had to let him go the way he wanted or Pat would have fouled out."

The Sequoits played the

game in spurts with good efforts in the first and third, but a lukewarm showing in the even numbered quarters.

Andrews mentioned that his men were inconsistent in their scoring. "We should have scored more. We took only forty two shots in the game. That's way below our average. We should have taken sixty or seventy shots."

However, the Sequoits got only 42 shots because of a tight Ram defense. Grayslake threw a blanket around high scoring Tim Mieure, limiting him to six buckets and 14 points.

Pat Michalak, the victim of early foul trouble had to play a cautious game and scored only 6 points.

Andrews had special praise for Jeff Williams. "He showed me a lotta scrapping and hustle. He did a fine job on defense, intercepting three or four passes."

Fred Popp showed Andrews some of the things he hasn't done of late.

49 - 47

"Fred was driving well in the first quarter and then slacked off. We talked to him at half time and he picked up a bit."

In fact, Popp and Mieure scored all the Sequoit points in the first quarter, getting 7 and 8 respectively.

Next on tap for the Sequoits will be Wauconda on February 25th. The game is of two-fold importance. Besides marking the end of the regular season and a chance for a conference co-championship with Lake Zurich, it will be the last occasion for Antioch fans to see fourth-year men Pat Michalak, Jeff Williams, Ken Tell and Dave Koppa suit up on their home court. Special "Parents Night" activities are planned and a large turnout is a must.

Following Friday's game the Sequoits hit the post season trail in search of trophies and a chance to clip the cords in Champaign. The first leg of this route begins Tuesday, February 29th with the Sequoits squaring off against Grant. The 7:30 p.m. game will be held at McHenry High School at 4724 West Crystal Lake Road on the city's southwest side. Tickets will be available at the door for \$1.50. Coming early is a must if you expect to get seats.

Tickets will also be available in advance with the price \$1.00 for students and \$1.50 for adults. Antioch is allowed 750 tickets for each session.

Advance sales will be held at the Antioch High School in its commons area.

Schedule of sales is as follows:

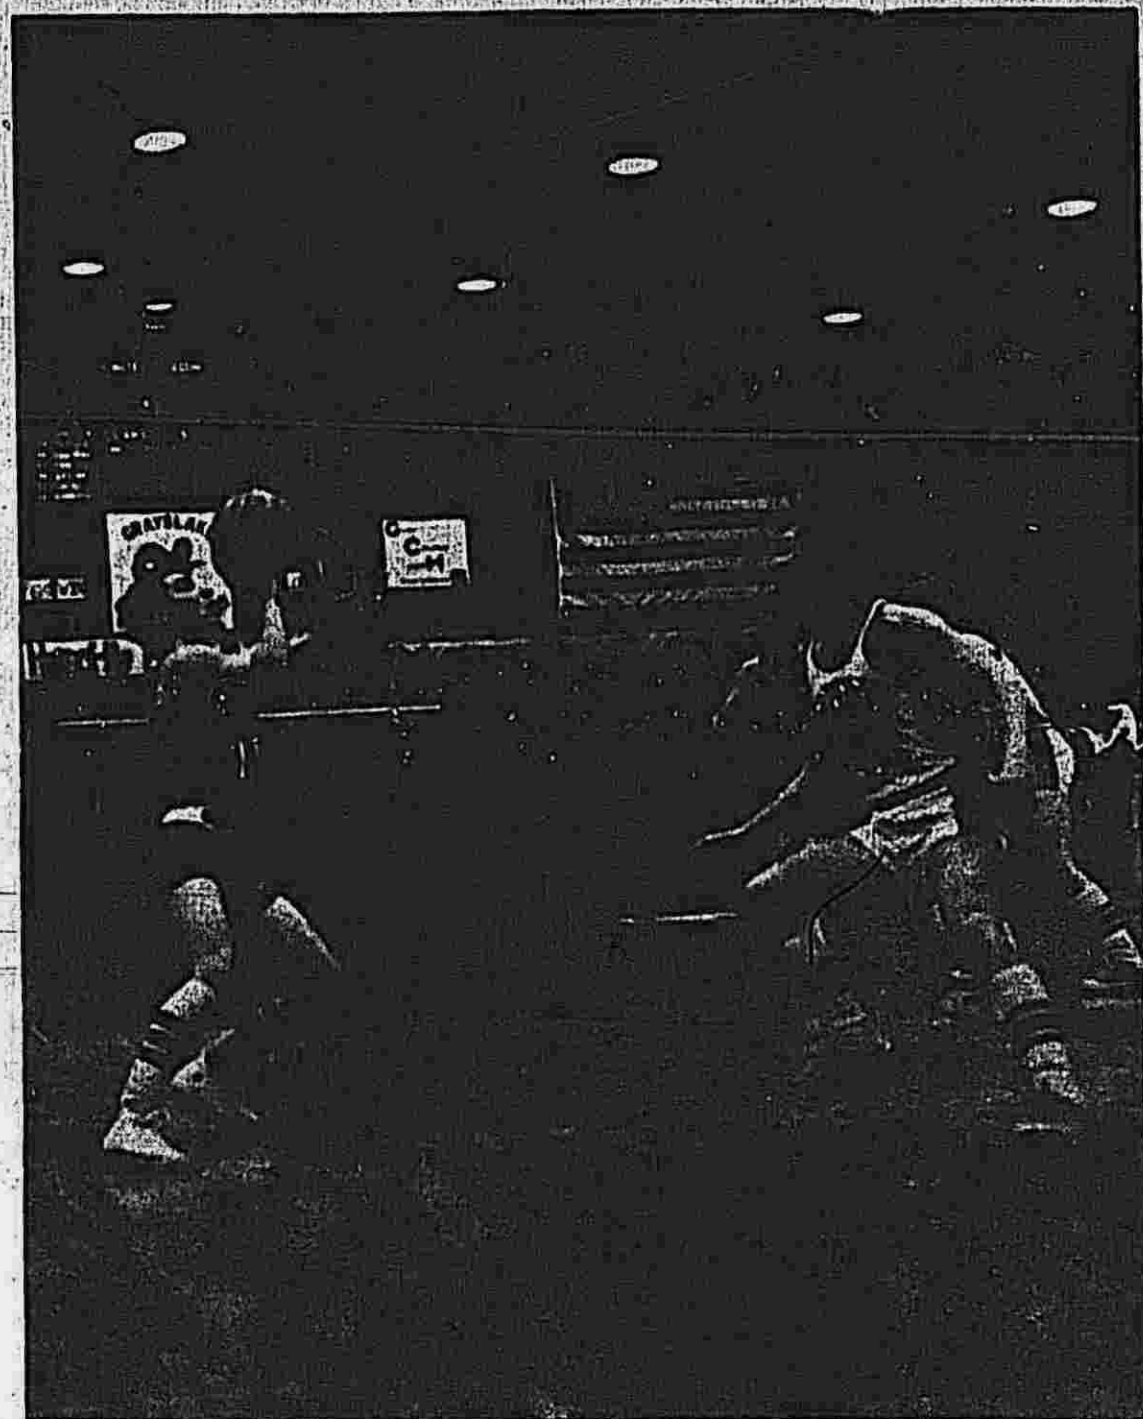

February 24th 9:00 a.m. to 3:00 p.m.; 7:00 to 8:00 p.m.

February 25th 9:00 a.m. to 3:00 p.m.

February 28th 9:00 a.m. to 3:00 p.m.

February 29th 9:00 a.m. to 12 Noon

Sophs Clip Grayslake

Antioch's Sophomore Cagers won their tenth conference game Friday as they clipped Grayslake 34-27.

The game was a low scoring affair as the result of a very deliberate Ram offense that took only 25 shots during the entire game.

Antioch began the game on defense in a zone and later shifted to a full court press. This pressure on the Ram offense kept them off balance for the entire game. As with any press, the junior Sequoits were guilty of many fouls and Grayslake

cached in with 15 charity shots.

Coach Norm Hahn, who had reshuffled his line up in an attempt to find more hustle and scoring punch was able to get only the former.

Mike Gutowski led the team with 14 points with the rest of the scoring shared by seven teammates. Don Long, starting his first game, led the Sequoits with nine rebounds as Antioch controlled the boards 32-21. Antioch played a more steady game, suffering only 12 turnovers, their lowest of the season.
